ROTH BAR

Following its first iteration in our St. Moritz spaces in 2022, we are delighted to bring back 'Roth Bar'. Designed by Björn, Oddur and Einar Roth, son and grandsons of German-born Swiss artist Dieter Roth (1930 – 1998), the fully-functional bar is a hub for the St. Moritz community to meet. First conceived by Dieter Roth in the late 1970s, 'the bar' is a dynamic and changing installation and is a continuing element in the Roths' cross-generational practice.

The bar, comprised of scavenged materials, embodies a central motif found throughout Dieter Roth's work. Since its first iteration, the bar has gradually evolved, as for each exhibition site-specific materials have been incorporated into the installation. 'Roth Bar' (2004 – 2015) was first unveiled in the exhibition 'Dieter Roth: Lest / Train' at Reykjavik Art Museum in 2005, before continuing to London (2006), Milan (2013), Zurich and Basel (2015/2019). It was last shown from July 2022 until September 2023 at Hauser & Wirth St. Moritz.

The story of 'Roth Bar' at Hauser & Wirth began when Dieter Roth insisted that a bar form part of his first show with the gallery in 1997. Along with his son Björn, Dieter Roth installed the functional 'Bar 2' (1983 – 1997) in Zurich and every beer bottle served became a part of the bar installation and visitors' conversations were recorded and archived. The bar, comprised of scavenged materials, embodies a central motif found throughout Dieter Roth's work.
